(U) ENCLOSURE 2 TO
ESTABLISHMENT AND PRESENTATION OF CYBER MISSION FORCE (CMF) TEAMS IN
FISCAL YEAR (FY) 2015 AND FY 2016

(U) TEAM READINESS REPORTING REQUIREMENTS

(U//~~FOUO~~) SCC designated POCs or Team Leads provide information on each team member and update on team mission alignment, approved mission essential tasks, IOC/FOC build status, and readiness assessment data (personnel, training, and space) to USCYBERCOM by close of business each Wednesday. Maintain reports on the USCYBERCOM CMF SIPRNET Intelink SharePoint portal (aka: Battle Roster):
(<http://intelshare.intelink.sgov.gov/sites/uscybercom/nmf/cmf/sitepages/home.aspx>).

1. (U) USCYBERCOM expanded battle roster readiness reporting requirements to support additional C2 and higher headquarters CMF readiness requirements. Battle roster reporting is required for all current FY and prior FY CMF teams. Battle roster entries will be made by team leads and validated by the next higher headquarters in the operational chain of command. SCCs are responsible for completing battle roster entries for CMF teams without an assigned team lead.
2. (U) PERSONNEL. Team leads or SCC POCs will continue to report the name, rank and source of each person assigned to the team.
3. (U) EQUIPMENT AND SUPPLIES ON-HAND. Team leads or SCC POCs report whether each team member on hand has been assigned equipment necessary to conduct assigned work role. Unit custodian will report on equipment assigned for team mission requirements, where individual assignment is not applicable.
4. (U) TRAINING. Team leads or SCC POCs will continue to report whether personnel on hand are fully trained or in training.
 - 4.1. (U//~~FOUO~~) TRAINING COURSE WAIVERS. Training course waivers may be submitted for individuals or teams when IOC training requirements are unable to be obtained due to insufficient infrastructure; not essential for mission; or applicable to area of responsibility. CMF team leaders will be required to submit a waiver through their operational headquarters (HQ) commander. Upon receipt, the HQ staff will submit the waiver for final approval and signature by the Deputy Commander, USCYBERCOM (DCDRUSCYBERCOM) via USCYBERCOM J3.
5. (U//~~FOUO~~) CAPACITY AND CAPABILITY. If a previously declared FOC team falls below FOC standards (e.g., due to personnel rotation or new equipment requirements), the parent unit will report the change in readiness status in the current reporting week until CMF teams have been added to Defense Readiness Reporting System (DRRS) as reportable units.
