If responsive records are found please include all documents, all attachments, and all pertinent records regardless of format. I request all responsive documents be delivered electronically, via email. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. Instructions Regarding “Leads”: As required by the relevant case law, the agencies should follow any leads it discovers during the conduct of its searches and perform additional searches when said leads indicate that records may be located in another system. Failure to follow clear leads is a violation of FOIA. Request for Electronic and Paper/Manual Searches: I request that searches of all electronic and paper/manual indices, filing systems, and locations for any and all records relating or referring to the subject of my request be conducted. I further request that the agencies conduct a search of its “soft files” as well as files in its locked cabinets. Request for Search of Filing Systems, Indices, and Locations: I request that the agencies conduct a search of all of its directorates and indices, filing systems, and locations to locate responsive records. Request regarding Photographs and other Visual Materials: I request that any photographs or other visual materials responsive to my request be released to me in their original or comparable forms, quality, and resolution. For example, if a photograph was taken digitally, or if the agencies maintains a photograph digitally, I request disclosure of the original digital image file, not a reduced resolution version of that image file nor a printout and scan of that image file. Likewise, if a photograph was originally taken as a color photograph, I request disclosure of that photograph as a color image, not a black and white image. Please contact me for any clarification on this point. Request for Duplicate Pages: I request disclosure of any and all supposedly “duplicate” pages. Scholars analyze records not only for the information available on any given page, but also for the relationships between that information and information on pages surrounding it. As such, though certain pages may have been previously released to me, the existence of those pages within new context renders them functionally new pages. As such, the only way to properly analyze released information is to analyze that information within its proper context. Therefore, I request disclosure of all “duplicate” pages. Request to Search Emails: Please search for emails relating to the subject matter of my request. Request for Search of Records Transferred to Other Agencies: I request that in conducting its search, the agencies disclose releasable records even if they are available publicly through other sources outside the agencies, such as NARA. EXEMPTIONS AND SEGREGABILITY I call your attention to President Obama's 21 January 2009 Memorandum concerning the Freedom of Information Act, in which he states: All agencies should adopt a presumption in favor of disclosure, in order to renew their commitment to the principles embodied in FOIA [...] The presumption of disclosure should be applied to all decisions involving FOIA. In the same Memorandum, President Obama added that government information should not be kept confidential “merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears.” Finally, President Obama ordered that “The Freedom of Information Act should be administered with a clear presumption: In the case of doubt, openness prevails.” Nonetheless, if any responsive record or portion thereof is claimed to be exempt from production, FOIA/PA statutes provide that even if some of the requested material is properly exempt from mandatory disclosure, all segregable portions must be released. If documents are denied in part or in whole, please specify which exemption(s) is (are) claimed for each passage or whole document denied. Please provide a complete itemized inventory and a detailed factual justification of total or partial denial of documents. Specify the number of pages in each document and the total number of pages pertaining to this request. For “classified” material denied, please include the following information: the classification (confidential, secret or top secret); identity of the classifier; date or event for automatic declassification or classification review or downgrading; if applicable, identity of official authorizing extension of automatic declassification or review past six years; and, if applicable, the reason for extended classification beyond six years. In excising material, please “black out” the material rather than “white out” or “cut out.” I expect, as provided by FOIA, that the remaining non¬exempt portions of documents will be released. Please release all pages regardless of the extent of excising, even if all that remains are the stationery headings or administrative markings. In addition, I ask that your agency exercise its discretion to release records which may be technically exempt, but where withholding serves no important public interest.	7/23/23

23-R052	Colin Aamot	<p>Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Copies of all FOIA appeal logs by year (calendar years 2010 to present). Copies of all Mandatory Declassification Review (MDR) request and appeal logs by year (calendar years 2010 to present). A copy of all opened or closed Inspection General Investigations (OIG) for calendar years 2017, 2018, 2019, 2020, 2021, 2022, and 2023. Copies of the Congressional Correspondence Control logs (or similar control logs containing logs of all Congressional correspondence) for calendar years 2010 to present. I am amicable to a rolling production as records are available. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms “pertaining to,” “referring,” “relating,” or “concerning” with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term “record” means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). To further narrow down the scope of the request, the requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative journalist and author, my request is in the public interest to inform the public. I would draw your attention to the memorandum, released March 15, 2022 that requires both agencies adhere to proactive disclosures for "records that have been requested three times or more, or that have become or are likely to become the subject of subsequent requests" as well as to uphold "timely disclosure of records" (<a href="https://www.justice.gov/media/1212566/dl?inline">https://www.justice.gov/media/1212566/dl?inline</a>). The requested information is in the public interest because there trust in government is at historic lows, and the American people deserve transparency about the operations of the Agency. Agencies, including yours, routinely hide FOIA logs, appeal logs, MDR logs, and more behind the constructs of retention periods even when requested frequently by multiple parties, and in accordance with the previously cited implementation guidance, should be proactively disclosed. Because this is a request by a member of the news media for information of public interest, made in my capacity as an author for The Daily Signal (a major news outlet) as well as other outlets, I actively gather information of potential interest to our Daily Signal audience, and I use my editorial skills to turn raw materials into a distinct work, and I distribute that work to the Daily Signal and other outlets such as Breitbart and Fox News through articles or social media posts. I request that you waive all applicable fees associated with this request. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed . Please send me a detailed and itemized explanation of those charges.</p>	9/14/23

23-R060	Colin Aamot	<p>Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: I request records and documents sufficient (list, spreadsheet, or database) to account for of all contracts or grants referred for investigation, review, inquiry, or Office of the Inspector General (OIG) scrutiny due to potential, alleged, or confirmed fraud, waste, or abuse (FWA) from 2017 to present, including company details, contract specifics, and documentation of the referral process. I am amicable to a rolling production as records are available. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). To further narrow down the scope of the request, the requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative journalist and author, my request is in the public interest to inform the public. I would draw your attention to the memorandum, released March 15, 2022 that requires both agencies adhere to proactive disclosures for "records that have been requested three times or more, or that have become or are likely to become the subject of subsequent requests" as well as to uphold "timely disclosure of records" (<a href="https://www.justice.gov/media/1212566/dl?inline">https://www.justice.gov/media/1212566/dl?inline</a>). To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms “pertaining to,” “referring,” “relating,” or “concerning” with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term “record” means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). To further narrow down the scope of the request, the requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative journalist and author, my request is in the public interest to inform the public. I would draw your attention to the memorandum, released March 15, 2022 that requires both agencies adhere to proactive disclosures for “records that have been requested three times or more, or that have become or are likely to become the subject of subsequent requests” as well as to uphold “timely disclosure of records” (<a href="https://www.justice.gov/media/1212566/dl?inline">https://www.justice.gov/media/1212566/dl?inline</a>). The requested information is in the public interest because there trust in government is at historic lows, and the American people deserve transparency about the operations of the Agency. Agencies, including yours, routinely hide FOIA logs, appeal logs, MDR logs, and more behind the constructs of retention periods even when requested frequently by multiple parties, and in accordance with the previously cited implementation guidance, should be proactively disclosed. Because this is a request by a member of the news media for information of public interest, made in my capacity as an author for The Daily Signal (a major news outlet) as well as other outlets, I actively gather information of potential interest to our Daily Signal audience, and I use my editorial skills to turn raw materials into a distinct work, and I distribute that work to the Daily Signal and other outlets through articles or social media posts. I request that you waive all applicable fees associated with this request. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed . Please send me a detailed and itemized explanation of those charges.</p>	9/28/23
