U.S. CYBER COMMAND (USCYBERCOM)

VISION

Achieve and maintain superiority in the cyberspace domain to influence adversary behavior, deliver strategic and operational advantages for the Joint Force, and defend and advance our national interests.

THE FOLLOWING PRINCIPLES GUIDE US CYBER COMMAND

We are one cyber enterprise.
We empower our workforce.
We champion integrated, scalable solutions.
We compete by employing a long-term, campaign mindset.
We are risk aware, not risk averse.

CYBER EXCEPTED SERVICE (CES): The Department of Defense CES involves an enterprise-wide approach for managing civilian cyber professionals across the Department of Defense. Under CES, USCYBERCOM now brings on new hires under the excepted service offering greater flexibility in recruitment, hiring incentives and promotion opportunities. Experience is highly valued in the CES, which transcends the typical time-based approach in the competitive service.

→ Learn more about CES here: <https://public.cyber.mil/cw/dod-cyber-excepted-service-ces/>

IMPERATIVE: Enable our most valuable assets – our people – in order to gain advantages in cyberspace. U.S. Cyber Command recruits, develops, and retains the most talented civilian personnel in cyber and support positions spanning the following career areas and beyond:

VACANCIES: See next/back page for a list of open vacancies (subject to change).

HOW TO APPLY: Complete the registration form and upload your resume here:

<https://armycyber.yello.gov.com/app/collect/form/Aiuy84cV2CQVm8o0mx4WuQ>

Note: When completing the registration form, be sure to select the USCYBERCOM position you are interested in applying for from the drop down menu. USCYBERCOM only has positions in Fort Meade, Maryland. Upload your resume at the bottom. Note: the link to positions on the form is for ARCYBER, not USCYBERCOM.
